

# Give Us a Try With a Small Group, For Free!

Our trial program works with up to three of your partners for 60 days to see if Empowerkit would be a good fit for your organization.

## “Timing is not good!”

Let's face it - timing is never perfect. The pilot program is **designed so you can get familiar** with our program for whenever timing becomes right!

## Absolutely no obligations

You can destroy the sites after 60 days. You can also **extend the trial if you need to** or keep those sites running for free!

During the pilot, your partners will enjoy

### Updates by phone

Limited technical skills? Don't have the time? Doesn't matter! Your partners can call us directly to make new content updates.

### Content creation services

Your staff doesn't have the time to create the content? That's ok. **We'll do it for them.** We'll work with them to create blog posts and content for their sites!

### Mobile optimized site

All of our sites are **mobile optimized by default** so you can be sure they look great everywhere!

### Setup & roll-out

**We handle the initial site setup**, partner outreach and onboarding process to get the partner acquainted with our program.

### Access to all our apps

Our **huge library of applications** can be easily dropped into your site and configured just the way you like them!

### Access to website editor

The most **advanced yet easy to use** website builder on the market. Easy to use for the novice, empowering for the experts

## What we need from you

Contact information for up to three partners. We'll reach out to them.

## What we need from your partner(s)

Roughly 30 minutes on the phone. We do the rest.

## Sounds Good?
