

Partner Success
Services

empowerkit

Perfect for your franchisees, distributors, affiliates or sales force!

Let's Change This Reality

Why aren't they using the platform?

Why is this so hard to use?

Your partners are wasting so much time and money with the wrong vendors and aren't getting the marketing support they need.

Your partners are frustrated because they aren't getting the help that they need. They feel like they don't have enough time to figure this out!

You don't just need a great platform, you also need...

Partner Services & Support

Affordable Success Package

To help ensure the success of your program!

Updates by phone

Limited technical skills? Don't have the time? Doesn't matter! Your partners can call us directly to make new content updates.

Unique content creation

Your staff doesn't have the time to create the content? That's ok. We'll do it for them. We'll work with them to create blog posts and content for their sites!

Business listings & backlinks

We submit your partner's website to the appropriate directories and get them the backlinks they need to rank in Google!

Free setup

We handle the initial site setup, partner outreach and onboarding process to get the partner acquainted with our program.

Reporting & analysis

We send monthly reports which include suggestions on what we can do to improve performance of their website.

We Ensure the Success of Your Partners

Your staff can focus on their core roles and not worry about supporting partners in an area outside of their expertise.

With Empowerkit, your partners will have access to the expert resources and services they need to revitalize their online marketing.
